

Food Procurement Programs

Student Nutrition Programs (SNPs) in Toronto are growing. To support this growth, and to offer more choices to existing SNPs, we are exploring projects to offer improved access to healthy, safe and nutritious foods. The Food & Logistics team, based at the Toronto Foundation for Student Success (TFSS), is connecting with partners in the food industry to create systems that make it easier for Nutrition Program Coordinators to purchase food in more competitive, convenient and sustainable ways.
